The food is fermenting in the stom-</p> </div> <div style="text-align: center;"> <p>Register Your Name TODAY</p> <p><b>For Gibraltar's Land Excursion</b></p> </div>
---	---	---	---	---

**To Bloomington, WEDNESDAY, FEB. 19**

Many could not go before as capacity  
of train was quickly filled

**It Will Be the Landseekers' Treat**

It will be the landseekers' opportunity to make a personal investigation of the Gibraltar Tract and its many physical inducements to prospective buyers.

[illegible]

It was in pursuance of that plan that he was given a credit of \$10,000 to defray the expenses of removing from the scene of hostilities and sheltering and feeding helpless Americans and presumably other distressed foreigners. Such action was necessary because of reports from unofficial sources in Mexico to the effect that many Americans who willingly would quit the city were prevented from doing so by lack of funds for railroad transportation.

**MAY LAND MARINES.** What will be done for State Senator A. Caminetti is a question that is being asked by Democrats, and it is generally understood that the efforts of the State Treasurer, now held by William C. Ralston, is being sought by Louis H. Mosser, of San Francisco, the Democratic County Central Committee of San Francisco. There are others who are out for the position, but Mosser is receiving the consideration of the Democratic leaders now.

For the appointment as United States Marshal for this District, former Sheriff Lawrence Dolan and Capt. Evans of the Mint have been mentioned.

Three physicians treated me. I was ordered to use morphia, but did not get morphia. The alternative was recommended by a friend. After taking morphia, of the kind I had used, I was able to get some sleep. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually disappeared until entirely gone. I am perfectly well. Everything I say here has been verified by the following:

(BROWN ADMITS) ANNE F. LOUGHRAN.

Edwman's Alternative is effective in Bronchitis, Croup, Whooping Cough, Hay Fever, Hay and Lung Troubles, and in subduing the system, not only in consumption, but in habit-forming drugs. For sale by The Owl Drug Co., and other leading druggists. Ask your local druggist for literature and write to Edwman Laboratory, Philadelphia, Pa., for sample.

the coal-selling company. The Port of Spain and Rath Duff entered a contract by which the latter is to maintain the ship for a period of three years until the coal company is granted the right to mine the coal. The ship is held for the purpose of the coal company. The ship is held for the purpose of the coal company. The ship is held for the purpose of the coal company.

**REBUTALS.**—**WILSON** said that the bill was not a jolt to the dynamite, but a jolt to the dynamite. He said that the bill was not a jolt to the dynamite, but a jolt to the dynamite. He said that the bill was not a jolt to the dynamite, but a jolt to the dynamite.

**“MAMAMBA KIDNAPING FILE” CALLED ABSURD.**

Objection Raised by Union Labor Agitators When Ironworkers Were Brought from Indianapolis to Los Angeles.

President-elect was told to refrain from calling on him at this time. He left for Princeton this afternoon.

Discussing the Mexican situation in connection with the proposed treaty.

**SEND THIS COUPON**

<p>The decision by the union-labor agitators that McNamara was kidnapped legally taken from the State.</p> <p><b>EVIDENCE FROM DEATH ROW</b></p> <p>New York Grand Jury takes note of the fact that John J. Walsh, who is following Joseph P. Kamp, Jr., is a known racketeer.</p> <p>Trace Graft System.</p> <p>(BY A. F. NORTON WITH THE GRAND JURY) Feb. 12.—The grand jury today took up the case of the alleged graft system which has been operating in New York City since the death of Police Captain Thomas W. McLaughlin.</p> <p>The grand jury heard testimony from several witnesses who had seen or heard what may have been the last moments of the late captain's life.</p> <p>The grand jury also heard testimony from several witnesses who had seen or heard what may have been the last moments of the late captain's life.</p> <p>The grand jury also heard testimony from several witnesses who had seen or heard what may have been the last moments of the late captain's life.</p>	<p>...Only men who drink regularly realize what it means to have the irresistible craving for liquor, but they do not always realize that the craving for more and more drink is the result of alcoholic poisoning. If they wish to stop drinking they must stop taking alcohol into the system, and get rid of that which is already there.</p> <p><b>The Neal Drink Habit Treatment—</b>which is a harmless, vegetable remedy—will remove the craving and necessity for drink in three days, without the use of painful, dangerous hypodermic injections.</p> <p>Fifty-eight Neal Institutes are yearly restoring thousands of drink-wrecked men and women to sober lives.</p> <p>Call at the Los Angeles Neal Institute, 441 South Olive street, for further information, or write or phone G. U. Neal, manager, for Dr. Neal's free book. Phone: Edwy. 4602; A. 4971.</p>	<h2 style="margin: 0;">THE BLACK BUILDING</h2> <p style="margin: 5px 0;">on Hill street. Why don't YOU locate on Hill Street?</p> <p style="margin: 5px 0;">Offices \$22.50 per month and up. Suites \$35.00 per month and up.</p> <h3 style="margin: 5px 0;">BLACK BROS. (Inc.)</h3> <p style="margin: 5px 0;">Home, FI644    209 H. W. Hellman Bldg.    M3896.</p>	<p>will help you immensely by cutting down your butter bills. Use butter on your table, but not in your kitchen. With butter at present prices, you simply could not afford to use it in cooking, even if it would produce better results. But when Cotelene will shorten and fry as good as or even better than butter—and the price is about one-third—why not try it, and practice economy without feeling that you are "skimping" yourself or your table?</p> <p>Remember also that two-thirds of a pound of Cotelene will go as far as a full pound of either butter or lard. Cotelene is Nature's Shortening—a vegetable product—healthful, digestible, and in every way satisfactory. Try this recipe:</p> <p style="text-align: center;"><b>PLAIN LAYER CAKE</b></p> <p>Cream ½ cup Cotelene with 1 cup sugar, mix in alternately ¼ cup milk and 2 cups pastry flour, in which 2 teaspoons baking powder and ½ teaspoon salt have been thoroughly sifted. Beat well, flavor, and add three stiffly beaten eggs. Bake in two layers.</p> <p>This batter is a good foundation recipe and may be used with spices, chocolate, fruit or nuts, with any desired filling.</p> <p style="text-align: right;"><b>Made only by THE N. K. FAIRBANK COMPANY</b></p>

COULON WANTS BONUS TO SIGN WITH WILLIAMS.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Feb. 13.—(Special Dispatch.) Chicago fight fans are taking it for granted that Johnny Coulon, true to his promise, will sign articles for a fight with Kid Williams, who yesterday won a twenty-round decision over Eddie Campi in the arena at Vernon, Cal.

Coulon now recognizes Williams as a logical contender for the bantamweight title. Johnny, who has been resting in Chicago for many weeks on advice of his physician, recently declared he would sign for a fight with Williams, but would insist that Manager Harris make good his promise to hand him \$500 bonus.

Local fans, many of whom have seen Coulon in the ring near Chicago, will bet their last dollar on him. It is believed here that the bout will be staged in California early in the spring.

FULLERTON THINKS CINCINNATI IS A DANGEROUS TEAM.

May Prove a Big Factor in Pennant Race With Joe Tinker as Manager—New Leader Must Correct a Few Faults in Himself—Reds Are Now Weak in the Catching Department.

BY HUGH S. FULLERTON.

This is the first of a series of articles by Hugh Fullerton, the writer, on the Reds.

TO COMMENCE the study of major league baseball clubs by the "Reds," which I described in a previous article, let's take the one in which a great amount of interest centers—the Cincinnati Reds.

The Reds had a remarkable career last season. The team figured to be a pretty decent one, likely to run close up to the leaders, and strong enough for almost certain fourth. It was badly in need of reliable pitchers and of a shortstop. Third base depended upon a man whose health was not good and a youngster. Shortstop might have been all right, but it was evident that the shortstop and the manager were not hitched up correctly.

The team opened the season hopeful and with pitching staff in fine condition. It got away luckily, and encouraged by success, spread eagled the league and ran away. Every one knew it could not last, but the percentage of victories piled up a lead that looked good. When the slump came, inevitably, instead of fighting and making a fine showing, the team went to pieces, failed to keep in condition, and looked worse and worse.

Some of the players did not like the manager and played half-heartedly. This winter Herrmann made a move that makes the Reds look good. He got Joe Tinker, shortstop of the famous Cubs, to manage the team. Tinker has aspired to a managerial job for some time. Many thought him chance's logical successor, inasmuch as Chance frequently turned over the reins to Tinker, and during all the years of championship winning Tinker was one of Chance's chief advisers.

The fact that Joe was not popular with the players, and that he was a temper, fiery fellow, quick to fight and quick to forgive. It was not his fault that he was not popular. He was a good ball player, a great one, and he was a good manager. He was a good ball player, a great one, and he was a good manager.

But Tinker is quick to see his own mistakes and to repair them. He has one to repair at Cincinnati, and that is to establish good relations with the players. Tinker and the players have been at odds for some time. They have pitched it up and down, but it needs some more tinkering. It was the result of an

exchange of words on the field which ranked with the most serious had forgotten the matter, and could not be remembered.

The acquisition of Tinker to play shortstop gives Cincinnati one of the fastest and most for ideal infielders in the league. Tinker is a new up to the first rank. Tinker is a new up to the first rank.

Egan is, I believe, a second baseman as a pennant-winning team needs. The Reds have had a lot of much better than Egan, and he is a strong fielder, and even though he has been hampered by inferior pitching, he has been a good ball player, a great one, and he was a good manager.

In criticism of the Reds' work of the Reds last year, I pointed out that three of the best players in the league were around there all the time—Grant, McDonald and Egan. Grant is a competent, and Grant got on well. This hurt Egan's work considerably, and a lot of money was paid for him. Tinker settles that position, and further than that, he will be a big help to the third baseman, who beyond doubt will be Grant.

Grant is a good ball player, a great one, and he was a good manager. The fact that he had to play shortstop to third, and was in and out of the game, hurt his percentage. With Tinker between them, Egan and Grant ought to make a certain pair and round out a fine infield that ought to average about .350 in hitting and rank first, or close to it, as a fielding infield.

The outfield is a problem for Tinker. There are some who think he lost a lot in Mike Mitchell. I don't think so. Mitchell is a good ball player, a great one, and he was a good manager. Now there are two types of player. One, when the fans don't like him, says, "I'll make 'em like me," and usually does. The other, when

ORANGE BELT DAILY

EXCURSIONS \$3.00

FROM A CARR WINDOW

YESTERDAY I went out to the rodeo to see Superior Intelligence conquer the bad horse Cyclone.

Two or three days ago a young actor in a moving-picture company went out to the rodeo and saw Cyclone gaily toting the cowpunchers over the landscape.

That night Mr. Addison slipped me his Great Idea. That was the actor's name—Synthe Addison.

"I am going to ride that horse Cyclone," he said, with an eye that glittered. "I am going to put him into a moving-picture drama. The heroine wants to marry a real man and offers to give her heart and hand to the first man who can ride the terrible horse Cyclone. Do you get me?"

I asked him if he was a professional bronco buster. He said "no," but he knew he could ride Cyclone.

"I'll tell you how it is," he said in a hoarse whisper. "I have thought out a system."

He didn't tell me what the system was, although he hinted darkly that it had something to do with giving Cyclone's head a quick shove with his hand at a critical moment.

We all wished him luck; told him where he could get an accident insurance policy, and he left, thinking over our kindly-meant suggestion that one of the properties needed in his moving-picture drama would be a nest and stately hearse.

Yesterday was the date set for Cyclone to go down before the power of Thought.

Three or four cowpunchers roped old Cyclone, who went down on his side with a bored grunt when he felt the reins tighten around his legs.

While two or three men in charge sat on his head a squad of other men lashed on his saddle.

Presently he beckoned to a very lovely young lady in furs who came over from the side lines and kissed him that being part of the play.

With a smile that was half of pity and half of amusement, Synthe Addison stood straddle of the black horse; the head vaquero gave a quick word and the men with the reins jumped back.

Cyclone rose steadily to his feet. There was nothing of haste in his movements. He did not wildly struggle to his feet like the other broncos. But there was something deadly and businesslike about his tread.

Cyclone took three or four careful steps forward, stepping as daintily as a lady's palfrey.

Then, sing! Something happened. Don't ask me; I don't know what it was.

There was a lightning impression of a horse in mid-air twisted up like a snake and a lovely picture of a pair of white fur pants describing a long, graceful flight across the sky. In the pants were Synthe Addison and the Higher Thought.

When Mr. Addison came to, Cyclone was standing over him, grinning genially, as though to say: "Well, Synthe, how about that system?"

GREAT POLO IS PROMISED.

First Local Tourney Saturday at Pasadena.

Hawaiians and Boise City to Play on Monday.

Finals for Big Cup Next Week on Saturday.

BY R. A. WYNN.

With three superb polo trophies offered, and five strong teams entered, the third annual tournament of the Pasadena Polo Club will begin Saturday afternoon on the grounds of the club in Pasadena.

The tournament will mark an epoch of advancement in polo in Southern California, as in it the strongest teams that have ever contested in California will be entered. Easily the center of attraction will be the Hawaiian team, composed of youthful millionaires from the islands. Running them close will be the team from Boise, Idaho, composed of skilled players who learned their horsemanship in the hardest of schools.

This latter team has not been tested as yet in California and its exact strength is unknown. Those who have seen this team in action in Idaho say that it will be able to easily hold its own with the local aggregations.

TWO ARE MISSING. In the schedule of games given out yesterday it was found that the names of the Colorado and the Canadian teams did not appear. There has been no explanation of the failure of the two teams to enter, except that there has arisen a degree of dissatisfaction between the players in the South and the Pasadena club.

It was expected fully that when the Pasadena team went to Colorado at the latter's invitation and entered the tournament a month or so ago that the teams of the southern city would return the compliment and enter in the Pasadena tournament.

However that may be, the fact remains that the famous Hawaiian team will play its first real tournament match in Pasadena and its strength for the first time will be gauged.

This team is composed of Walter Dillingham, captain; Arthur Rice, Harold Castle and Frank F. Baldwin. Harold Dillingham and R. A. Baldwin are the two substitutes. The team is the pick of the islands and has won the championship this year. It is accompanied by a string of twenty ponies, which will arrive at Pasadena Thursday and be put to practice.

HAWAIIANS BOUGHT. This Hawaiian team has been the bone of contention ever since its arrival in California. Realizing that the young men on the team represent the very flower of the wealth and social prestige of the islands, the energetic officials of the San Mateo club and the Coronado club made every effort to persuade the visitors to remain with them instead of traveling about the States. Inducements were offered of every description, but in spite of all, Capt. Walter Dillingham of the Hawaiians declared that his team would play in every open tournament from San Mateo to Coronado and the

He had complained of pain since a fight with "Jimmy" Fights of this city, in a Norton theater, ten days ago.

UP AGAINST IT!

Oregon Merchant Ships Men's Clothing to Los Angeles.

Creditors Demand \$42,000

Stock to Be Sold at Once!

The Clothing Firm of Monroe-Davis-Harrington Company, northeast corner Seventh and Broadway, has been notified of their appointment to inventory and sell the \$42,000 stock of clothing of an Oregon merchant to satisfy his creditors.

This comprises a stock of spring clothing recently shipped to this merchant, who failed with liabilities of \$90,000. The clothing was shipped here from Oregon and the creditors demand that it be sold immediately for cash in hand at whatever price it will bring before the 24th of February.

The Monroe-Davis-Harrington Company are instructed to dispose of this stock regardless of previous cost or selling price. As there is only a short time in which to turn this fine clothing into cash, they must necessarily make prices that will force the goods into the hands of the public immediately.

This has been done and, beginning this morning, the entire lot will be placed on sale at their store, northeast corner Seventh and Broadway.

That there will be one big grand rush for these tempting bargains is a foregone conclusion and naturally the thrifty purchasers will obtain the choice selections.

There is not a man in Southern California who can afford to remain away from the stores today or Saturday. Regular prices prevail. No need to stop at a single suit. Now is the time to jump in and jump out for the

## TOMMY BURNS SAYS HE CAN BEAT LUTE M'CARTY.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Feb. 13.—(Special Dispatch.) Tommy Burns writes to a New York sporting friend that he is coming on here "to defend the heavyweight championship, now that Johnson is out of it."

"No negro," says Burns. He adds that he thinks McCarty is not over-anxious to meet him, though no matter how big the guarantee.

"I know all about McCarty," says Burns. "I gave him a try-out here about two years ago. He would look good against Jim Ryan, who is coming and running into the punches all the time. And Palmer, too. I never saw him, but from what I've heard, he's a good telegraph pole after a few rounds."

"I beat Marvin Hart in Los Angeles. If I don't beat Wells in Australia, I may in London. I am training every day and will be in good shape the first time I enter the ring. But no negroes."

"Some of the sport writers who boasted me for not giving Johnson a chance, roasted me afterward for giving him a chance. Next time I'll go on an opinion but my own. I am in and have a number of good fights left in me yet."

Some Speed Here.

The first track meet of the 1913 season will be staged tomorrow afternoon at 2 o'clock on the Occidental field, where the first annual Tiger relay carnival is to take place. Manager Lawson has entries from twenty-five colleges and high schools covering all the events.

In some of the high school races there will be as many as six teams entered and as relay racing is really one of the most exciting clinder pastimes on the athletic calendar, the most exciting will be the 400 yard and 800 yard relays.

There are six college teams entered in the two-mile relay events and in the 400 yard relay. The high school field has been divided into two classes. The first is composed of the Los Angeles city high schools, Pasadena and Long Beach. Class two is made up of all high schools not in class one. Most of the high school teams are made up of dark horses and the outcome of each race is a matter open to conjecture. However, this fact only adds to the interest.

U.S.C. ENTERS 800 TEAM.

A slightly different state of affairs holds true in the college class, where most of the runners are known by name. The U.S.C. team, which has been entered in the 800 yard relay, has odds in both the mile and two-mile races.

Until last Wednesday the Trojans had only entered the 400 yard relay, but the coaches found that the half-mileers were right, so a squad was picked and entered at once.

Two weeks ago it looked as though the university men would not be in shape for the races, while Oxy and Pomona seemed to be coming along in a critical style. Then the blizzard fell and the larger grain ranches employ men with lanterns and guns to scare the birds away from the crops. The Trojans, who were in the 400 yard relay, were in the 800 yard relay, and the Trojans, who were in the 800 yard relay, were in the 400 yard relay.

OXY STARS LAID LOW.

Johnnie Cook, Oxy's best bet in the 400, is just beginning to crawl about after the grip, while Bradshaw, who was in the 800, is just recovering his running legs. Craighead, one of the most promising freshmen, is recovering from the mumps, and the Trojans, who were in the 800 yard relay, were in the 400 yard relay.

The Trojans 800 squad is made up of Bill Anna, who is a real star; Herrie, Paul and Henry Egly, the freshman who won the 800 in the class meet, is out of the running with an ankle injury. The Trojans, who were in the 800 yard relay, were in the 400 yard relay.

The Trojans, who were in the 800 yard relay, were in the 400 yard relay.

## Great Polo Promised.

(Continued from First Page.)

first to be held would be the first in which they would be entered. So it will be seen in action for the first time at Pasadena.

A great deal of interest is also centered in the Boles polo team and according to reports it should give the Hawaiians a hard battle.

PASADENA WON.

The Pasadena team will be a surprise to many of the followers of polo, in that it is rather expected to be one of the formidable organizations than last year, owing to the absence of the great Tom Wells and his brother, Harry. Carleton Burke and John Hobbs of Pasadena have replaced these two men and have been astonishing their friends by the wonderful improvement in their play. The team has fulfilled all of the signs of a good team, and it is expected that they will give a very good account of themselves.

The schedule as issued yesterday calls for a match Saturday afternoon between Pasadena and Santa Barbara for the Hogan cup. Monday afternoon the Hawaiians and the Boles team will clash for the same Hogan cup. Tuesday the Boles and the Santa Barbara teams will meet for the Pasadena cup and Wednesday the Hawaiians and Pasadena will fight for the Pasadena cup.

LADIES' BIG DAY.

Thursday will be ladies' nomination day and of course the big social event of the week.

Players will be nominated by the ladies from all of the teams entered in the tournament. Then on Friday the final in the Pasadena cup will be played. Saturday, the final in the Hogan cup controversy will be played. Sunday, the final in the Pasadena cup will be played. Monday, the final in the Hogan cup controversy will be played. # MORE DECLINES ARE EXPECTED.

Prices for Gasoline  
Seem Assured.

Is Arranging for Big  
Compressor Plant.

Large Well on McLeod Lease  
Is Revived.

With the steady expansion of  
the oil industry, it is ap-  
parent that the decline in supply  
for there is every reason to  
believe that the recent decline in supply  
and the well-informed oil ex-  
perts say that it would not surprise  
them if there is a decline to 14 cents  
a barrel, which would be 3 1/2 cents  
more than the present rate.

It is in its relation to the ex-  
pansion of the oil industry from gas in-  
dustry which has come into  
being during only the  
past few years, is the announcement  
of the Santa Fe Oil Company is placing  
its equipment for its new  
compressor plant for the installing of  
compressor plant of sufficient ca-  
pacity to handle 3,000,000 cubic feet  
of gas a day at first, and it is planned  
that this capacity probably in  
the future. The Union already  
has an experimental plant ca-  
pable of handling about 750,000 cubic  
feet a day.

The output of this compressor  
plant in the Santa Fe field is sig-  
nificant at about one gallon of  
gasoline to 100 cubic feet of gas. It  
is estimated that the product of the  
compressor plant when completed will be  
about 12,000 to 14,000 gallons a day  
of gasoline.

There are already finished or in  
progress of construction about half a  
dozen compressor plants which do not  
exceed 1000 gallons per day. It is es-  
timated that on the Union's property  
there are about 17,000,000 cubic feet of  
gasoline and the plant is to be  
completed in the field. The  
compressor plant is a position to secure  
a higher gas production per day  
than in other wells.

The Santa Fe field is not the only  
one in which the manufacture of  
gasoline from gas has been developed  
to considerable extent. There is  
a large compressor plant in Erea  
on the Birch property which  
has been increased in ca-  
pacity to 100,000 gallons a month.  
The Santa Fe property in the  
field there is in operation  
compressor plant which does  
not exceed 1000 gallons per day, the  
compressor plant being that of the gas  
from the well and nothing  
else. This practically reverses the  
trend, which is heat under high  
pressure, the new being freezing  
under low pressure. A plant capable of han-  
dling 1,000,000 cubic feet is planned,  
and it is said that the Santa Fe gas  
field will produce in 1918, an un-  
usually large average.

With this steady expansion of  
the oil industry, many  
compressor plants are now  
being completed on their  
property. In fact there is a kind of  
rush by operators to complete  
compressor plants, owing to the fact  
that the price for oil with or  
without the gas is low.

Another announcement of im-  
portance in regard to the expansion  
of the oil industry is that the Stan-  
dard Oil Company is planning the  
installing of a new 1000-barrel still  
in its refinery. This is probably a  
result of the steady increase in the  
demand for light oil in the State.  
The Standard is the Ventura dis-  
tilleries during the last  
few months of a very rapid scale.  
The Standard is said from the in-  
formation received by the Shell in-  
dustry from Asia.

On the Well.  
The Santa Fe Oil Company has  
just completed a well No. 2 on the McLeod  
lease. This well on ac-  
count of a collapsed casing had to  
be abandoned. It is thought to be  
about 1000 feet deep and is prob-  
ably a better one than the one  
which was drilled deep enough yet,  
but was abandoned at 2175 feet.  
The well is said to be 2175 feet  
deep.

Wash dresses in many styles and colors; a complete ex-  
hibit of the season's choicest offerings. \$1.25 to \$10.

Ladies' Suits

A continuation of our very success-  
ful Suit sale. Just 48 of them;  
and as is always true in a sale like  
this some of the best values are  
overlooked at first. A good assort-  
ment of sizes.

Values \$25 to \$35,  
to close \$10

Ladies' Coats

Winter coats, it is true, but notice  
the values! When you realize that  
there are several weeks of rainy  
weather yet to come, and many cool  
evenings, they should appeal to  
you. Long or  
short lengths.

Values \$15 to \$20 \$10

## Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

### Pasadena. DONKEY WAS HONOR GUEST.

Pasadena Society Diverted by Two Unusual Events.

Crown City Has Candidate for Extra Judgeship.

Man Attempts to Hang Himself With Suspenders.

PASADENA, Feb. 14.—Two social events, each unique and a long way from the ordinary, claimed the attendance of a good many of the younger set of the city last night. They were the annual barn dance at the Hotel Maryland and a dinner given by the Caudron Club at the Hotel Green.

The former was a costume affair, elaborate in a "back-to-the-land" tone. Realism was carried to the "nth" degree with the establishing of a real, live donkey in the make-believe farm yard on the ballroom floor. He was more than a novelty. He was the honored guest of the evening, and he did not appear to find the sensation a half-bad one either. The costumes were varied and extravagant in design.

No fancy costumes were worn at the dinner at the Green, but Manager D. B. Plumer lent the Committee on Arrangements his assistance and a charming little piece of hy-play resulted. The members of the club, to the number of sixty, assembled in the west building, and were wondering where their dinner was to come from; when, lo! a Scotch piper appeared and began to play. It was plainly a call. If the residents of old Hamilton heard of a plentitude of cheese in the tune played for them, the children of the Caudron Club recently fitted out.

MAY GAIN BENCH YET.  
Friends of Judge Robert W. McDonald, veteran Police Court Judge and justice of the peace of Pasadena, are now hoping that he will gain a seat on the Superior Court bench despite his defeat in the last county election. The news that there are to be six additional Superior Court judgeships in Los Angeles county, and that

Pasadena will probably come in for one of them, has revived their interests in his behalf.

SEEKS DEATH IN JAIL.  
Tying one end of his suspenders about his neck and the other end to the grating at the top of his cell, William Brook yesterday morning made an unsuccessful attempt to hang himself in the City Jail. The suspenders broke and he landed on the prison floor with a thud that attracted the attention of Desk Sergeant Rice, who was in the office.

The man was arrested early in the morning by Patrolman Abbott, who observed that he was hiding in the shrubbery at Library Park and frightening passers-by by jumping out and demanding that they tell him the time of day. He was taken before Police Judge McDonald yesterday, but his case was continued until next Saturday morning. He will probably be sent to the County Jail to await examination by the Lunacy Commission.

CITY BRIEFS.  
An important meeting of the North-east Improvement Association will be held tonight at the Longfellow school. Several questions of interest to residents of this part of the city will be discussed.

The "agricultural school on wheels," sent out by the University of California, was in Pasadena yesterday, and was well attended.

The date of this year's Mt. Wilson marathon race was announced yesterday. It will take place April 10.

One of the social events that will accompany the polo tournament will be a luncheon at Mrs. John B. Miller will give at the Pasadena Country Club today in honor of Mrs. Walter F. Dillingham.

Mrs. Dillingham and her husband, who is the star player of the Hawaiian team, will be the house guests of Mr. and Mrs. Miller at their handsome residence, corner of Columbia street and Hillside avenue, during the polo season.

There were no new developments in the school situation yesterday. The committee that is inspecting the Polytechnic High School buildings will hold another session next Saturday, at which time it is probable that the report it is to make will be drafted.

### Long Beach. VISITORS WILL TAX CAPACITY.

LONG BEACH HAS BIG HOSPITALITY CONTRACT.

One Thousand Delegates to the Endeavor Convention Due Next Week and Canvas of Town Discloses Only Room for Four Hundred of Them—Short News Stories.

LONG BEACH, Feb. 13.—Confronted with the necessity of housing for two days, next week, 1000 delegates to the Los Angeles county annual conference of Christian Endeavorers, the local society is today much puzzled.

A canvass of hotels and rooming-houses finds them all full, so far as transients are concerned and appeals to different church congregations both by their Endeavor societies and by the pastors, have fallen on deaf ears and although the church population of Long Beach is claimed to be 10 per cent. of her 25,000 people, accommodations have been secured for only 400. The local society agreed to hold a banquet for breakfast for delegates for Friday and Saturday of next week, and are disappointed at the lack of interest shown by the church people.

SEALS POISONED.  
A troupe of performing seals at a local theater has for the past two days been seriously indisposed, and a veterinarian has been in constant attendance. This morning "Gyp," a bull seal and the star of the troupe, died, and was followed a little later by his rival bull and the female to which both have been attentive. An autopsy this afternoon showed that the trio died of an attack of worms caused by being fed a poor quality of fish for the past two weeks. The animals were good performers, and valued at several hundred dollars.

WIDOW DIES ALONE.  
Mrs. Eliza Clark, a widow, 47 years of age, was found unconscious yesterday morning in her apartments on American avenue, after being missed for two days. A physician was called but the woman never rallied and died this morning. It was found that death was due to an abdominal growth. Mrs. Clark has been here two years, but was always reticent regarding her personal affairs and little is known concerning her.

NEWS BRIEFS.  
The Chamber of Commerce this morning took steps to enter into the activities of the proposed merger bond issue for necessary civic improvements and appointed a committee to draft resolutions relative to indorsement which will follow after all details of the various items are worked out by the City Council.

The law firm of Woodhouse & Hight was dissolved today, Percy Woodhouse withdrawing. The dissolution was made for business reasons. Messrs. Long and Hootenpy are the City Attorney and assistant, and Mr. Hight found it necessary by reason of

his connection with the firm to decline cases where the city's interests were involved, necessitating his being arrayed against his own firm.

Edwin Hard, aged 58, died this morning at his home on East Fifth street. Mr. Hard was a native of England and leaves three children, seven grandchildren and ten great-grandchildren.

As the result of an auto accident Sunday, partially due to the driving of a 16-year-old girl, Chief Austin issued orders today that his patrolmen warn all drivers whom they believe to be under the age required by the speed ordinance, 14 years, that further violation will result in the arrest of those who permit them to drive.

Justice Judge Hart today issued a bench warrant for a palmer and clairvoyant named J. W. Franklin, who disappeared while his case was still under consideration and has not reappeared. His bail of \$50 was also forfeited.

FOR STREET IMPROVEMENTS.  
South Pasadena Is Becoming Known as the Home of a Perfect Boulevard System.

SOUTH PASADENA, Feb. 13.—A campaign for street improvements is being launched in South Pasadena. Leading citizens are pledged to the crusade for good roads not only within the city limits, but all the surrounding country as far as the roads are concerned. Reasons for this activity are not hard to find, as South Pasadena is really the "cross-roads town" for Los Angeles, Pasadena, Alhambra and other cities of the San Gabriel Valley.

With a continuous line of travel through the city from all directions the people realize that they cannot afford to neglect the city's thoroughfares, and some of those who have expressed deep interest in the movement are Dr. E. L. B. Godfrey, W. J. Wood, Bruce Crowe and many others.

NEWS BRIEFS.  
The annual meeting of the W.C.T.U. will be held next Tuesday, February 13, at the home of Mrs. Alice Woertendyke, president. There will also be the annual election of officers, the present being Mrs. Alice Woertendyke, president; Mrs. Rose Thayer, first vice-president; Mrs. M. E. Wood, second vice-president; and Mrs. M. S. Crisp, treasurer.

Mr. and Mrs. R. Garnett and their daughter Dorothy are still in the hospital at Fresno, where they were taken after an automobile accident last Thursday. Mrs. Garnett is the most seriously injured and she is also suffering from a broken shoulder blade.

With reference to the application for the franchise by the Los Angeles Gas and Electric Corporation, Trustee Warren Carter, to whom the matter was referred, has recommended to the board that the term of forty years as the life of the franchise be reduced to twenty-one years, and that the provision that the rate fixed shall be reasonable" be annulled. He also suggested that it be not an exclusive franchise, but a provision be inserted by which the city may purchase the franchise after five years from the time granted. The board has instructed the City Attorney to draft an ordinance.

James Duffy was appointed a deputy city marshal, ready to take the place of William Johnston, by the Board of Trustees, to take effect immediately and to be at the pleasure of the City Marshal. Duffy will act without pay and will be the special watchman for Hotel Raymond.

### Ambitious. TO EQUAL ANY TROLLEY LINES.

Pacific Electric Wishes to Issue More Bonds.

Submits Figures to State Railroad Commission.

Assets More Than Seventy-five Millions.

Alleging assets of \$75,000,000, with mortgage and other liabilities of \$12,000,000, President Shoup and other officials of the Pacific Electric appeared before Commissioner Edgerton of the State Railroad Commission yesterday requesting authority to issue \$7,000,000 additional bonds. The proceeds from these bonds, specified in the application as for the financing of a five-year bond, will be applied to improvements under way or contemplated. The details of these improvements have been announced.

President Shoup said it is the intention to make the Pacific Electric the equal, if not the peer, of any electric railroad in the country. He declared that grave problems in traffic distribution in this city must be solved in the near future and that a considerable portion of the company's earnings must sooner or later be used to solve these problems. He also dwelt on the Pacific Electric's policy of securing sufficient right of way in the rural sections to allow double-tracking in case of emergency.

One point emphasized was that the Pacific Electric's earnings are increasing each year. Shoup expressed some doubt as to whether proportionate increases will be forthcoming in future years, pointing out that taxes will be 35 per cent. higher this year than last, while operating expenses are constantly increasing.

In response to a question by Edgerton, Shoup said although the Pacific Electric is owned by the Southern Railway, that road has never dictated regarding track extensions, even though lines such as the new San Bernardino-Norwalk line have been made to compete with the steam road.

Assets declared by the Pacific Electric in its petition follow:  
Roadbed, track, station, etc., \$12,000,000  
Trolleys, including Pacific Electric, \$12,000,000  
Right-of-way, \$12,000,000  
Station grounds, parks and other real estate, \$1,000,000  
Shop buildings and contents, \$750,000  
Rolling stock, \$4,000,000  
Sunk plant, etc., \$2,000,000  
Total, \$42,000,000

Edgerton's inquiries about these land companies revealed that the Pacific Electric owns the Pacific Electric Land Company and this company the other two. Shoup said the greater portion of this land is held pending future developments, though parts of it will be needed in extending and bettering the company's lines.

The Owens River freight case, in which the Associated Jobbers of Los Angeles ask reduced rates over the Southern Pacific and to from that section, is set for 10 a. m. today before Commissioner Edgerton. Through this suit the Associated Jobbers expect to make Los Angeles the distributing center for the Owens River country.

NEW HOSPITAL FOR REDONDO.  
Handsomeness of the Esplanade Will Be Converted Into Resort for the Impaired.

REDONDO BEACH, Feb. 13.—The home of Dr. A. T. Hembree on the Esplanade, one of the handsomest homes in the city has been leased by Mrs. Esplanade and will be converted into a hospital. Mrs. Boyd is superintendent of the French Hospital of Los Angeles.

The house will be remodeled and will have about twelve rooms and a modern operating room. The new hospital will be ready for occupancy in about a month. The physicians of the town have long been anxious to secure a hospital here and at present the nearest is in Los Angeles and a modern equipped hospital will be a welcome acquisition to the town.

NEWS BRIEFS.  
Mr. and Mrs. Daniel Smiley, Miss Ruth Smiley and Francis G. Smiley of Mohawk Lake, N. Y., are spending a few weeks at the Hotel Redondo.

Mr. Smiley, the brother of the late Smiley brothers of Redondo, is owner of a large summer resort at Mohawk Lake, N. Y.

The manor house to be given tomorrow night by the Redondo Aerie of Eagles at the pavilion for the benefit of the Ocean Park Aerie is the most elaborate and largest ball of the season. It is expected that about 500 couples will be in attendance including guests from Ocean Park, San Pedro and Los Angeles. Elaborate costumes are being planned by those who will attend and many handsome prizes have been offered for the costumes by the committee in charge which is C. Hoanier, F. Langer, George Wright and George Wright.

In response to the excited telephone call of a Japanese boy at the Robert Burdette home at Clifton, last night, the police rushed to the residence concerned except for the Japanese, expecting to find nothing less than that some horrible crime had been committed. When they arrived at the house the Japanese showed them to the garage where he said was a robber carrying a gun. The intruder proved to be a tramp with a small box of crackers under his arm looking for a night's shelter.

FIRE IN CASA VERDUGO.  
CASA VERDUGO, Feb. 13.—The beautiful foothill home of Charles H. Toll of Kenneth road in Casa Verdugo was totally destroyed by fire about 9 o'clock this morning from a defective furnace. Most of the furniture was saved, as well as the stable and outbuildings. The house was a handsome frame structure, bungalow style, situated on the north side of Kenneth road, about one mile from the end of the Glendale car line. Mr. and Mrs. Toll and the two younger children are at present in Honolulu, and a sister of Mrs. Toll is keeping house for the two older children during Mr. Toll's absence. The loss is covered by insurance.
